Thinking Out Loud

H. M. L.

The maritime strike nears an end. The end that is being reached by means of mutual concessions on the part of ship owners and the various unions which walked out, is one that might have easily been attained six weeks ago. It took the enormous loss of $2,000,000 a day to convince ship owners that a compromise was the best way out, and imminence of hunger to convince perhaps 100,000 union men that they should meet the ship owners half way.

According to press dispatches, the hiring hall, the big bone of contention, will remain in the hands of the unions, but the ship owners may, through it, hire the men they ask for. We doubt if this will end the dispute. Rotating crews of seamen and longshoremen, the union's goal, so that all may have an equal opportunity to work, sounds ideal upon paper, but the difference between workers, one willing and able, another shiftless and truculent, will still exist, and naturally employers will prefer the former. If only that class obtains work there will always be a mutinous and trouble making faction. It is notorious that the lazy and contentious elements of many unions are most active in shaping its policies.

The raise in wages which the ship owners have granted, amounting to from 15 to 20 per cent, is undoubtedly belated justice. The cost of living is advancing and employers everywere must advance wages in some reasonable ratio to the advance in their commodities, rates or services. A pity it is that they could not have done this prior to the strike instead of the weary interval when all business on the Pacific Coast was punished.

This writer talking with many business men of Grass Valley and Nevada City found that the maritime strike had resulted in delaying or in a few cases in cutting off the Christmas supply of merchandise. Retail business in Nevada County this December will actually be less than in December, 1933. While the maritime strike is not the only factor in this set-back, it plays a large role. Most merchants are well stocked, belatedly, with Christmas merchandise, but it came by railroad.

The railroads are the most dependable freight and passenger agency in the country. Why? Because they have not suffered a strike since Hector was a pup. A machinery for preventing strikes has been set up and it works efficiently. We commend it to ship owners and maritime workers.

It will be noted that the agreement between maritime workers and ship owners has been reached while Harry Bridges, the Australian, is in the east attempting to close ports by a general strike on the Atlantic sea-board. This may or may not have significance If it means that his unions are repudiating him, it will be a great day for California and the Coast.

We have always felt that the court which granted Bolshevik Bridges his first citizenship papers, was, putting it mildly, derelict in its duty. Those first citizenship papers are a barrier against Bridges' deportation as a seditious alien. Bridges is smart.

Editor Smith of Mountain View is to stand trial for alleged criminal libel. He is accused of applying derogatory epithets to the President. Editor Smith is a white haired, ruddy faced old gentleman in his seventies, greatly beloved in his native village. He has helped his little city to grow from a wide place in the road to one of the cleanest, most enterprising towns in Santa Clara. His newspaper and printing plant is one of the most modern and spic and span in California. But Editor Smith has committed a very serious offense. As we see it, the province of a newspaper on the one hand, is to point out the inconsistencies and the mistakes of government officials, to expose vicious practices that may, under the guise of sweet charity, raise up an army of political retainers, and on the other hand espouse and commend those governmental policies which to the editor seem constructive and broadly beneficial to all the people. If this is done with the intent to do justice and to reveal the truth, the rest can wait upon the vindication or condemnation that time brings. The people, as they read, will do the name calling, good or bad.

Freedom of the press can be as well abused as freedom of speech. The law of libel is intended to curb that abuse, and it applies, as many people do not seem to understand, both to the press and to individuals who make libelous statements.

Bradley Scholarship Available in 1937

H. E. Kjorlie, principal of the Nevada City high school yesterday received a letter from Prof. T. M. Putnam, chairman of the U. C. committee on undergraduate scholarships, stating that three or four of the Virginia S. Bradley scholarships of $250 each would be available probably during the fall term of 1937.

Mrs. Bradley, the mother of Mrs. Martha Hogue, Phil Bradley, Mrs. George Legg, and the late Fred Bradley, who passed away several months ago, left a fund of $15,000 for scholarships in the University of California for graduates of the Nevada City high school.

This along with the Hauber scholarship fund of $5000, and the $50 scholarship raised annually by the members of the California Scholarship Federation in the Nevada City high school, really gives the high school an outstanding endowment for scholarships. It is doubtful if many high schools in California, in proportion to their enrollment, now have as many scholarships of equal amounts. The letter to Mr. Kjorlie follows:

University of Calif. Office of Dean of Undergraduates, Berkeley, December 15, 1936.

Dear Mr. Kjorlie:

Last summer we had some correspondence with reference to the Bradley Scholarships to be awarded to graduates of Nevada City high school at the University of California. At that time the estate had not been settled and no money was available for the scholarships.

I am now advised that beginning in the fall of 1937, a certain number of awards will be made, probably as many as three and possibly four, in the amount of $250. Students from Nevada City high school who are already in the University, as well as graduates planning to enter their freshman year next August, will be eligible.

Final instructions have not yet come to the Scholarships Committee from the Board of Regents, but I am writing at this time asking that publicity both at the school and in the town be given to these awards, so that applications may be on file not later than February 15, 1937. A supply of application blanks will be sent to you within a few days.

Sincerely yours,

T. M. PUTNAM,

Chairman, Committee on Undergraduate Scholarships.

Letter to Mr. H. E. Kjorlie, Principal, Nevada City high school.

SCHOOLS CLOSE FOR VACATION

Today marks a happy day for both elementary and high school students for it is the last day of school for two weeks!

The high school will be entertained at an assembly program this morning, which will be given by the senior class. It will include dramatics and musical numbers.

The junior class has beautifully decorated two lovely trees for the assembly, which were obtained by the sophomore class.

In the afternoon the high school will take part in the annual white Christmas program.

CAROLS, BAND, GIFTS, CANDY AT COMMUNITY TREE

The grammar grade school children will start from Washington school at 2:30 today and march to the Community Christmas tree in Native Daughters park, carrying their white wrapped Christmas gifts. At the tree they will be joined by the high school student body and band. The two student bodies will render a beautiful Christmas program. The band will play, the grammar school children will sing Christmas carols and present their gifts for others. The high school choruses will sing. Mrs. Marion Libbey has charge of the singing. Mr. L. E. Sweeney of the band music

It is hoped that a large audience will be present to enjoy this Christmas program as the presence of spectators and their expressed appreciation is of great encouragement to the children and the music directors who have worked hard for the program

FORGETS PERMIT AND XMAS TREE COSTS $50

Charles Van Evera recently found the value of a Christmas tree permit, according to a report received from the office of DeWitt Nelson, supervisor of the Tahoe National Forest at Nevada City. He was apprehended, according to Nelson, by Forest Service law enforcement officer J. D. Rafferty en route from Sierraville to San Francisco with a load of Christmas trees and was unable to produce a written permit from the owner allowing the cutting thereof. He was allowed to proceed with the understanding that he would display the pemit to the district ranger at Sierraville within five days. Although the owner of the land was willing to give the necessary permit, Van Evera did not think it of sufficient importance to bother with, according to Nelson, but paid a $50 fine for the omission in Judge M. J. Bony's court at Sierraville for his oversight.

MONEY AVAILABLE FOR SOUND MINES, SAYS NETZ

Ludwig Netz, Nevada City realtor, has been corresponding with prospective investors in mining properties and has received the following letter from a Los Angeles firm which shows there is lots of money ready for investment in proven mining properties.

"We can handle several proven mines, as high as $1,000,000 if sufficient ore is blocked to warrant; also large lead mine; rich silver mine; sheet mica, tonnage or property. Must have reports and all supporting data. Lowest price and terms."

ROTARIANS ENJOY BIG XMAS DINNER, DANCE

The Nevada City Rotary Club and ladies enjoyed a Christmas dinner and dance last night at the National Hotel. To the four piece orchestra music dancing was enjoyed during and following the dinner hour and the ladies pronounced the Rotarians as the best of hosts and entertainers.

Judge Mobley imposed a fine of $100 or 50 days in jail upon the defendant. W. P. Gipson who pleaded guilty Tuesday to a charge of possessing venison out of season. Defendant was given 90 days within which to pay the fine. Failing to do so he must serve the prison term.

OUTDOOR LIGHTED CHRISTMAS TREES

Cains Auto Court, Mr. and Mrs. John Darke, Coyote St., Mr. and Mrs. R. E. Harris and Mr. and Mrs. J. M. Hoff, Nevada St., Mr. and Mrs. O. E. McCraney, Washington St., Mr. and Mrs. Forest Risley, Nile St., Mrs. Martha Hoge, city limits, Tahoe Highway, Builders Supply House, Spring St., silvered lighted tree, Mr. and Mrs. Charles Leiter, Broad St., Mr. and Mrs. C. R. Murchie, E. Broad St., Shell Service Station.

Mr. and Mrs. Wade Armstrong, Mr. O'Dell Hamilton, Nevada St., Mr. and Mrs. Joseph Huy, Adams St., Mr. and Mrs. Fred Tredennick, Clay St., Ford Agency, Broad St., Mrs. Peggy Flynn, Mrs. Annie Hooper, Drummond St.

Mr. and Mrs. Elza Kilroy have their tree lighted over the pool in their yard on Drummond street. The big cross on top of the tree was lighted last night.

Bank of America, Mr. and Mrs. R. E. Carr, High and Washington Sts., lighted star.

THREE-DAY HOLIDAY FOR NEVADA CITY

In a report to Fred Conner, president of the Chamber of Commerce, the committee of that organization that investigated the possibility of a three day holiday for Nevada City business announced that businessmen have almost unanimously decided to remain closed Saturday, December 26 as well as on Christmas day. This plan enables employees to enjoy a three day holiday to celebrate Christmas with their families. The committee of three, consisting of Frank Ghidotti, Howard Penrose and J. J. Jackson, suggested that shoppers buy their Christmas and week end needs on the days immediately preceding Christmas and said that merchants will be prepared to handle an unusual trade during these days.

HI P. T. A. WILL MEET IN SEAMAN'S LODGE

The High School P. T. A. will meet Monday evening, December 21, at 7:30 o'clock in Seaman's lodge in Pioneer park. The program committee of which Mrs. Doolittle is chairman, has prepared an excellent entertainment. There will be a short business meeting preceding the program.

POST OFFICE TO HAVE ANNEX FOR HOLIDAY MAIL

Postmaster Betty Martin West announces that again this year the post office will have an annex to help care for the Christmas mail. The Forest Service is co-operating as heretofore and has extended the use of their building. The post office annex in the Forest Service building will open Saturday, December 19 and remain open daily between the hours of 10:00 a. m. and 4:00 p. m. from December 19 until December 24. E. J. Krasevac will be in charge of the annex.

Postmaster West urges that citizens take advantage of this convenience, buy stamps there and mail outgoing mail at the annex.

The post office and the branch in the forest service building will be open all day tomorrow.

PARTY ENJOYED

The club formed by ladies of the group of state highway employees of Nevada City enjoyed a party at the Knotty Poppy in Grass Valley Wednesday afterenoon. Three tables of cards and a dainty luncheon were enjoyed. Mrs. Fred Bush, whose husband is a new member of the force, was introduced as a new member and won first prize in cards.

Forty Active Mines and 2,722 Miners at Work in Nev. County

Employment in the mines during the past month remains practically unchanged in Nevada county. A canvass of the operating mines reveals 2,722 men employed in forty mines. The payroll of $381,080 lacks $700 of the November payroll.

To the Nugget office during the past week have come reports that large company was being organized to work Deer Creek placers for some miles below the Champion mine properties, the tailings eventually to be stored in the Narrows dam when it is completed. It is proposed to use a dragline.

The Mt. View mine at Washington has closed down for the season and the Live Yankee is closed, pending further financing, it is reported. The force at the Norambagua has been cut to 20 men. Offsetting these employment reductions, the Alaska mine south of Grass Valley is reported working a crew of 50, the Lady Bug at Washington now employs 12 men and the Boreham mine has installed four stamps and now employs four men.

Reports from the various properties follow:

MT. VIEW PROPERTY

Construction of a camp is going forward at the Mt. View mine at Washington. More equipment is being trucked from the Eagle Bird property. Plans are to work all winter. C. S. White is superintendent.

SAN JUAN MINE

It is reported crews are in nearly 200 feet on a projected 1500 foot tunnel in the San Juan mine. This property is owned by the Bradley interests which also operate the Spanish mine at Washington.

RAGON MINE

Superintendent O. E. McCraney stated Wednesday that ore tonnage at the Ragon mine has been increased 50 per cent. Twenty four men are employed in the two shifts. Ore is being trucked to the Idaho-Maryland mine for reduction.

FUNERAL IN OAKLAND

Funeral services were held in Oakland Wednesday for the late Mrs. Henry Titter. Deceased was born and raised in Nevada City, the daughter of Mr. and Mrs. Thomas Power.

BOOM AT WINNEMUCCA

Ed. C. Uren, mining engineer of Nevada City, returned Tuesday from a trip to Winnemucca, Nevada. He stated a gold mining boom was on. Houses were all rented, auto camps full, with cottages renting at $35 a month, and the town presented a busy scene. He met a cousin of Gor-

Press Urges Economy In Relief

Reduction in Federal relief is accepted as a necessity by 73 per cent of commenting editors who urge a balanced budget, and declare it is time a beginning is made in the practice of economy. The demand of the Conference of Mayors that this retrenchment be delayed is upheld by 27 per cent, because of the continuing unemployment emergency and the belief that a sharp curtailment of relief work involves a change in family incomes which should not be suddenly inflicted on the country.

In the arguments on curtailment of work relief, it is widely conceded there should be no resulting distress. The responsibility is to be put on the local communities, under the plans of the Federal Government, and the chief issue is the feasibility of the transfer.

"The requirement that localities must pay 20 per cent of the cost of WPA projects in their areas," according to the Youngstown (O.) Vindicator (Dem.), "will work a hardship on many cities, but just the same, it is a good provision."

"The order precedes rather than follows re-employment," declares the Omaha World-Herald. (Ind.), and that paper emphasizes the burden that is thrown upon communities which may have suffered from the drought.

"Convincing signs of the Administration's desire to economize," says the Cincinnati Times-Star (Rep.), "would be welcome, especially in view of the obvious pick-up in private employment. But the mayors are naturally bewildered in the face of present WPA policy—or lack of policy.

"Increased local control over unemployment relief is greatly to be desired. But there can be no effective control unless the local communities know just what their problem will be. Retrenchment in WPA calls for team-work between Federal and local relief officials. The present policy of semi-secret and arbitrary retrenchment can only prove demoralizing to everybody concerned."

"In most states," explains the New York Times (Dem.), "the Federal Government was asked to carry at least 75 per cent of the burden, and in 12 states its contribution actually amounted to 90 per cent or more.

"One of the weak points in the whole Federal relief program is that it has permitted discrepancies of this kind to occur and that it has failed to bring pressure to bear on those states and municipalities which were carrying only a relatively small share of the burden.

"Necessarily, rertnchment now has become the order of the day. But in planning the progressive demobilization of WPA it ought to be possible to find a formula under which the continuing contribution of the Federal Government will bear some reasonable relationship to the amounts raised locally for relief."

"The WPA is a temporary agency," states the Kansas City Star (Ind.), "desikned to serve an emergency purpose. A part of the work may be made permanent, but there must be the reductions. That should have been understood all along."

WILD DUCKS ARE MORE PLENTIFUL

"The duck is on its way back. California sportsmen can be assured of the fact that abundant duck shooting is on its way." With these words George D. Nordenholt, director of the Department of National Resources, announced to members of the state council of the Fish and Game Development Association his encouraging opinion concerning ducks on the Pacific Coast.

Touring migratory waterfowl areas in California, Oregon and Nevada, Nordenholt, together with Ira Gabrielson, chief of the Biological Survey, and J. N. "Ding" Darling, former chief, pointed out that approximately 20,000 acres of the Malheur Federal duck refuge in southeastern Oregon is under water. It is estimated that another three years of normal rainfall and flooding operations will cover 120,000 acres of the 160,000 acre refuge.

Says Nordenholt: "There are twice as many ducks nesting on the Malheur refuge this year as last. We estimated there were 20,000 ducks there in September. Twenty times as many can be accommodated."

SPRING HILL MINE

Drifting and developing continues on the 1100 foot level in the Spring Hill mine at Grass Valley with 13 men employed. The ore bins are almost full of ore from mine development and will be treated in the mill on the property.

LADY BUG MINE

Twelve men are employed reconditioning the tunnel at the Lady Bug mine at Washington and a power plant is being installed. A bull-dozer and compressor are being used in widening and improving the road to the mine. Ben Peters is ill, Mr. Walker took his place last Tuesday as superintendent.

GIANT KING MINE

Jack Rondoni and brother are taking more mining equipment to the Giant King mine at Washington. The main tunnel has been cleaned out. Several hundred tons of ore are blocked out in the old workings. C. C. Clack is engineer for the company.

JIM MINE

A program of sinking has been completed and crews are drifting on the vein and mining ore. The property is in the belt of deep snows not far from Graniteville and will operate as long as weather permits. Chas. Colombo and sons are operating the property for Los Angeles interests.

GRACEY MINE

Cross cutting continues on the bottom of the shaft in the Gracey mine south of Nevada City to contact the vein. Twenty four men are employed.

Beautiful gift boxes of chocolate creams and chews at Colley's Confectionery.

ALASKA MINE

Pumping continues in the Alaska mine at Pike City. Some work has been done in searching for a faulted vein. Reports are the property will enlarge operations shortly after the first of the year.

CAMPTONVILLE FOLK HOLIDAY VISITING

CAMPTONVILLE, Dec. 15.—The local population seems largely on vacation bent. Mrs. Kate Hope Livingston left a few days ago for the state of Louisiana to visit her brother, Dr. Hope. Mr. and Mrs. Fred B. Hanson are already visiting their children in the state of Washington. Mr. and Mrs. Hector McNeill intend to visit their home state of Oklahoma shortly. Mr. David Lewis hopes to leave soon for Texas to spend a few weeks visiting his sister, and Forest Ranger Frank W. Meggers expects to leave next week for Wisconsin to visit his old home.

Beautiful gift boxes of chocolate creams and chews at Colley's Confectionery.

SHOOTING ACCIDENT

CAMPTONVILLE, Dec. 14. — Warren Pauly, young son of Mr. and Mrs. J. E. Pauly of this place is confined to his home with an infected leg The leg was injured a few days ago while out hunting A shotgun which he carried accidently went off, and kicked back striking him in the knee, burying the hammer in the flesh. It became quite painful and he was taken to Grass Valley where Dr. Harry N. March gave it treatment. Pauly returned home where he has been confined still in a painful condition.

NEVADA MINE

Superintendent George R. Carter states drifting continues in the new Nevada mine which he is operating southeast of Nevada City near the Mayflower mine.

U. C. FAVORITE AMONG STUDENTS FROM ABROAD

BERKELEY, Dec. 17.—Recognition of the University of California as an educational center is not confined to the United States but has spread to foreign shores, according to the seventh annual report of the Institute of International Education of New York.

More foreign students wishing to study in the United States chose the University of California during the academic year 1935-36 than any other institution which was on the accredited list of the Institute. California had an enrollment of 679 foreign students: Columbia University was in second place with 412.

Twelve schools on the list could say that they had more than a hundred students from foreign countries. They were University of California, 679; Columbia University, 412; University of Washington, 313; University of Michigan, 274; University of Southern California, 244; University of California at Los Angeles, 194; Cornell University, 178; Massachusetts Institute of Technology, 170; University of Pennsylvania, 126; Harvard University, 117; and the University of Chicago and Louisiana State University tied with 105 each.

CAMPTONVILLE

By ACTON M. CLEVELAND

CAMPTONVILLE, Dec. 15—Rance and Gus Durfee of Gridley spent a few days visiting their sister Mrs. J. A. Cassano last week.

Frank Pendola arrived from San Francisco Friday on a visit to his old home here.

Mrs. Kate Hope Livingston left Thursday for Lousiana to visit her brother.

W. S. Godfrey recently went to Alaska Peak station to assume the duties of lookout.

Miss Dorothy Hays went to Browns Valley a few days ago where she is visiting her parents.

Judge Acton M. Cleveland was confined to his home a few days this week with a bad attack of the flu.

Mrs. J. E. Pauly, Myron Pauly, Leland Pauly and Warren Pauly motored to Grass Valley Saturday.

Christmas Creams, Plain and Broken Mixed Candy at Colley's Confectionery.

BULLION-ALASKA MINES

Fifty men are employed two shifts at the Alaska mine south of Grass Valley. Although ore is still being trucked to the Idaho-Maryland custom mill for reduction it is understood plans are under way for a new mill. The company has taken over mineral rights to some adjoining property within the year. Considerable activity is being shown at the Bullion and reports are it will resume more active operations after the first of the year.

Realize There's A Difference In Cleaning?

Grass Valley Laundry and Dry Cleaners use the best cleaning fluids. The use of a good cleaning fluid means that your wool goods will be returned to you soft and unfaded and with the knap unmatted.

Silk Dresses are important in the winter scheme of social activities.

The GRASS VALLEY LAUNDRY AND DRY CLEANERS take pains to see that delicate formals or nice afternoon dresses look like new when they go back clean to the customers. Silk never leaves this establishment sleasy or faded. We use only good cleaning fluid and do expert pressing and finishing.

VACATION WITH PAY FOR IDAHO MARYLAND MEN

Albert Crase, general manager of the Idaho Maryland mine has announced that after January first the company will install a profit sharing system for its employes It is understood that employes will receive profit payments whenever dividends are declared for the stockholders.

The Idaho Maryland is giving its employes a ten day vacation with pay, as a Christmas bonus. The vacation will begin on Thursday, December 24 with the afternoon shift and will continue until the day shift January 2, when all employees are expected to report. The mill will continue to operate, except on Christmas day, and pump men, hoist men and skip tenders will remain part time duty. Approximately 600 men are affected in the Idaho Maryland and Brunswick properties.

A circular addressed "To Our Employes" and signed by Albert Crase, general manager, prefaces an outline of the plan by saying:

"For some time past the management of your corporation has had under consideration various methods of expressing, in a substantial form, their appreciation of the efforts of those employes who served the corporation well and faithfully, and to have them share in the profits of our mutual endeavors.

To that end the Board of Directors has adopted the following plan for 1937."

Each time during 1937 that the corporation declares a dividend on its stock, the directors will set aside an amount equal to the dividend on 150,000 shares (for instance, on declaring a 5c dividend, $7,500 will be set aside), and these amounts will be placed in a fund for distribution on December 15, 1937, among the qualified men in its employ on that date, as additional compensation for their services during the year, on the following basis:

Each man who shall have been continuously in the employ of the corporation for six months, but less than one year, prior to December 15, 1937, will receive four units; each man with a continuous service record of at least one year, but less than two years, will receive five units; and each man with a continuous service record of two years or more will receive six units.

The value of each unit will be arrived at by dividing the total amount in the fund by the aggregate number of units. The management hopes that with your faithful and loyal cooperation in 1937, we may be able to declare dividends for that year in excess of those declared in 1936.

Assuming, however, for the purpose of illustration, that the profits for 1937 will only equal those for 1936 we estimate that, on the basis of the present number of employes, the qualified men's shares would vary between $80 and $120. If we should be able to pay 60c a share, under similar circumstances, each man's share would be from $120 to $180. This additional compensation would be greater than the returns which would be received by the majority of the stockholders owning 250 shares or less: It is to be noted that all men having the same length of service will share equally in the fund, irrespective of their regular wages or salaries. Of course, the amount of each man's share will vary with the number of qualified employes. The figures above set forth are, of necessity, only approximations.

The board of directors adopted the six months period for qualifying to share in the fund as a probationary period during which a man may demonstrate his fitness for his position and his loyalty and efficiency in his work. If, as we sincerely hope, the results of the adoption of this plan for 1937 justify our expectations of increased profits, we hope to put in effect a similar plan for 1938, and, in such event the man with less than six months service in 1937 can look forward to sharing in the fund at the end of 1938 on the five unit basis.

The management, of necessity, will reserve the right to determine the qualifications and the classifications of all of its employes, and their judgment will be final. No employe will be penalized for absence on account of illness or other justifiable cause, and the management, in all proper cases, will issue leaves of absence to preserve the status of such employes under the plan.

Any man who leaves his position before December 15, 1937, except on written leave of absence for the whole period of his non-employment or is discharged before that date, is automatically eliminated from any share in the plan.

The announcement, preliminary mention of which in The Union of Wednesday morning caused much favorable commet, concludes as follows:

"The management extends to you its best wishes for a Merry Christmas, and hopes that in 1937 our united efforts may make the New Year a prosperous one for all"

TREES KILLED BY FIRE MAY BE CUT FOR LUMBER

There are 35,000,000 feet of sugar pine and ponderosa pine which were killed in the big fire on the Forest that time the "blue stain" caused two years these trees will remain in suitable condition for use in the manufacture of lumber but after that time the "blue strain" caused by sap will spoil their market value.

Forest supervisor DeWitt Nelson was in Sacramento Wednesday interviewing prospective buyers for the standing timber and found several lumber men were interested. He believes that a large percentage of the timber will be salvaged.

At a lively meeting Tuesday evenlows conferred the first degree on two candidates. Louie Netx is nobel grand.

MINING NEWS

(Continued from Page One)

don Bettles in that city, who had recently made a strike of $3,500 per ton ore near Winnemuccca. Assays on outcrops in many places ran well some running to $50. per ton. All ore has to be shipped to Salt Lake City for reduction, at heavy expense, there being no custom mill in the district.

H. P. DAVIS EXPECTED SOON

A message has been received stating that H. P. Davis who is interested in the Live Yankee and Orleans Lode mines at Nevada City will return to this city in a short time. He went to New York City several weeks ago on business in connection with the properties. Upon his return it is expected operations will be resumed at the Live Yankee.

GOLD TUNNEL

A third diamond drilling test is being made on the Gold Tunnel property in western Nevada City by the Newmont interests who own half interest in the property. The first test was back of the R. J. Bennetts park and the third is up near the Downieville highway. It is stated a ledge of good paying ore faulted in the old tunnel years ago. A shelter has been placed over the motor used for drilling.

OLD GASTON ROAD

Mr. Marsh, operating the Sugar Pine Products Company sawmill at Graniteville has a crew employed on the old Gaston mine road northeast of Washington. He is being assisted by the Tahoe National Forest service. Grades are being cut and the road widened to a two way roadbed.

The present road from the mill to Emigrant Gap is by Fuller lake at a much higher elevation. The new road will be clear of ice and snow earlier in the spring and later in the fall giving fully two months longer trucking season. This new road will be completed for next season's operations.

SUIT TO QUIET TITLE

George L. Carter, J. M. Hoff and H. W. Sheldon have commenced action against George Teft, H. D. Wilkinson and other defendants to quiet title to the Nevada Lodge Claim and other mining roperty in the Canada Hill section. H. Ward Sheldon is attorney for plaintiffs.

$25,000 DAMAGES ASKED

Stacy V. Jones has commenced action against J. M. Stites and Carl Bonwell alleging that they have with out right, entered into possession of the Fenton and Tom and Jerry mines at Quaker Hill, that they are conducting mining operations thereon and cutting and removing trees. Plaintiff asks judgment of $25,000 damage on realty and $500 on personal property. John L. Larue is attorney for plaintiff.

ALLEGED STATUTORY OFFENSE

The case of the People vs. Callison will be called in the superior court today. Callison is charged with a statutory offense at Rough and Ready. The man is about 45 years of age and a sniper. Neighbors are alleged to have caught Callison and to have nearly beaten him to death following the alleged crime. Two ribs and the bones in one hand were broken.

Chicken Tamales at Colley's Confectionery.

CAMPTONVILLE WPA PROJECTS SHUT DOWN

CAMPTONVILLE, Dec. 16.—As a matter of information to inquiring persons the local project of the Works Progress Administration closed down the first part of this month, the policy of the administration having changed to operate projects of 40 men or over and only adjacent to larger centers of population. It being explained that a person in the mountains could snipe for gold or cut wood whereas an unemployed person in the city would be helpless. The man of the mountains can cut wood, but the problem remains what will he cook with it after he gets it cut?

CAMP PAHATSI WILL BE BUSY SPOT THIS WINTER

Winter camp at Pahatsi shows more activity this year than ever before, with the promise of sixty Oakland scouts attending from December 25 to December 28 and the regular Tahoe area council winter camp from December 29 to January 2. Registrations for the latter are already coming in from local scouts as well as scouts from Marin county and Petaluma.

Additional ski equipment will be added for these camps particularly since estimates point to a capacity crowd of 75 or 80 at the latter camp. Surprises are promised for New Years eve which will be spent in the Big Camp Lodge. Ice skating will probably be in vogue since the recent spell of cold weather left about four inches of ice on Kilborn lake.

Charles Jones of Los Angeles was here to attend the funeral of his late brother, Thomas Jones of this city.

MISS MINNIE BRAND PRAISES HI BAND

Miss Minnie Brand whose labor in good works for Nevada City all residents here remember so well, although now living in Sacramento, still maintains a keen interest in matters affecting the city's welfare and upbuilding, especially those relating to music. Here is her letter to L. E. Sweeney, music director of the Nevada City high school:

Sacramento, Dec. 11, 1936.

My Dear Mr., Sweeney:

Enclosed please find my check for $2.50 for your wonderful band. I wish it could be $250. The high school band has been such a wonderful asset to Nevada City and has given so much pleasure to so many. I want to congratulate you on our three boys who have made the college bands. I think the credit belongs to you. Hoping your benefit will be a huge success.

Yours very sincerely.

MINNIE BRAND.

A MERRY XMAS TO YOU

Drive In And See Us

SANTA CLAUS AND MOVIE STARS CHOOSE GREYHOUND TRAVEL

(Above) Santa Claus goes modern and substitutes a Greyhound Super-Coach for his reindeer sleigh. (Insert) George O'Brien and his company also choose this popular means of transportation to go on location for filming of "Park Avenue Logger."

HIGHWAY XMAS PARTY SAT. NIGHT

The annual Christmas party for the highway workers of the local division will be given by Mr. and Mrs. F. R. Garrison tomorrow night at the local state highway yard.

As usual, Santa Claus will be present and will give all the kiddies candy, etc. which will be hanging on the lovely large tree which will be beautifully decorated.

A supper will be served, and games will be played to amuse the guests.

This is an annual affair, which has been given by the host and hostess every year on the Saturday before Christmas for the workers, and their families under Mr. Garrison's supervision.

Guests from Downieville, Colfax, North San Juan, Grass Valley, Marysville, Yuba City and Nevada City will be present.

George R. Carter has petitioned for letters of administration in the estate of Norman J. Schaule who died September 1933. Two sisters and two brothers reside in the east. The estate consists of an adjusted compensation certificate valued at $300. W. E. Wright is attorney for petitioner.

CANADIAN LEGION PARTY

The Canadian Legion held their annual card party in Grass Valley Wednesday evening with 30 tables of players. Turkeys were awarded as door prizes. The ladies auxiliary will have a Christmas tree and party in the Episcopal parish hall Saturday evening.

On Wednesday, January 6, the Canadian Legion expects to initiate a large class of candidates from Nevada City and Grass Valley. William Hall, commander, and Bert Foreman, secretary, reside in Nevada City.

RECTOR FAMILY REUNION

Mr. and Mrs. G. J. Rector are preparing to spend Christmas in San Francisco with their son, Dr. John Rector and family. Dr. Rector has just built a new home in St. Francis Wood, San Francisco and wished to have a family reunion in the new home Christmas.

Due to the absence of Mr. and Mrs. Rector from this city the beautiful star illuminated on top of a tall tree in their yard each holiday season will not be lighted this year.

Mrs. Harry Odgers and infant daughter left the Nevada City Sanitarium Wednesday for their home at Town Talk. An unusual occurence is the fact that Mrs. Odgers daughter, Mrs. Pat Zamora, has a four months old daughter. This makes the little Odgers girl about four months younger than her niece.

William Ragon left Thursday for a few days vacation in Sacramento.

Mrs. Dora Winney of Nevada City who underwent surgery at Landis Clinic in Grass Valley recently, was able to return home Sunday. She is making a fine recovery.

ing Oustomah Lodge of Odd Fel

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF NEVADA. No. 6671.

NOTICE OF COMMISSIONER'S SALE.

WILLIAM F. RODDY and MABEL E. RODDY, his wife, Plaintiffs,
vs.
C. M. BROWN and MIMI BROWN, his wife, Defendants.

Under and by virtue of an order of sale and decree of foreclosure, issued out of the Superior Court of the State of California, in and for the County of Nevada, on the 16th day of October, 1936, in the above entitled action, wherein William F. Roddy and Mabel E. Roddy, his wife, are plaintiffs and C. M. Brown and Mimi Brown, his wife, are the defendants, for $543.01 besides interest and costs, which said judgment and decree was on the 16th day of October, 1936, recorded in Judgment Book 8 of said Court, at page 32 et seq., I am commanded to sell at public auction in the manner prescribed by law, all that certain real property situated in the County of Navada, State of California, particularly described as follows, to-wit:

That certain building situated at 323 Broad Street, Nevada City, California.

Public notice is hereby given that on Monday the 11th day of January, 1937, at 11 o'clock A M. of that day, at the front door of the Court House of the County of Nevada, in the City of Nevada, County of Nevada, State of California, I will in obedience to said order of sale and decree of foreclosure, sell the above-described property to the highest and best bidder for cash, in lawful money of the United States.

Dated this 12th day of December, 1936.

W. W. WAGGONER,
Commissioner appointed by said Court.
W. E. WRIGHT, Attorney for Plaintiffs.
Dec. 18, 25, Jan. 1, 8.

Personals
LOCAL HAPPENINGS

Mr. and Mrs. Charles Meyers of Gold Flat have as guests their daughter, Mrs. Violet Petersen and daughter, Betty, of Salinas, who will remain until after the Christmas holidays.

Ahdenah Camp Fire Girls of Nevada City met at the home of Miss Mary Martz Tuesday evening to dress dolls for the "White Christmas" being held on Broad street, this city, today.

Washington Grammar School P. T. A. enjoyed a splendid Christmas program in Miss Ruth Tamblyn's room yesterday afternoon. Members of the sixth grade and pupils from Miss Tamblyn's and Mrs. Mable Flint's rooms took part in the exercises. Christmas music was furnished under the direction of Mrs. C. A. Libbey.

Mr. and Mrs. Fitz Pitz have returned from their honeymoon and purchased a home at 554 East Broad street, in Nevada City. It was formerly the Harry Rowe property. They moved into their new home Tuesday.

E. E. Reinke and family of North Bloomfield left for Los Angeles this week to visit relatives and will return some time after the Christmas holidays.

Elmer Peterson returned Friday from a visit with friends in Los Angeles.

The many friends of Carl Erikson will be pleased to learn that he has secured a position as guard at Folsom prison. He came up this week for a short visit with his wife and as soon as there is a vacant house at Folsom Mrs Erikson will move to be near her husband.

Fred Joubert, mining man of Camptonville, was a Nevada City visitor yesterday. He stated that his properties, Depot Hill and Indian Hill, are in shape fo hydraulic operations as soon as sufficient rain has fallen.

Mr. and Mrs. W. B. Dimond are moving into their new log cabin home in the Selby Flat district this week. Mr. and Mrs. Dimond came to Nevada City from Stanislaus about a year ago and purchased property in the Selby Flat section, not far from Lake Vera.

Jack Townsend, miner who received an injury to his back in the North Star mine several weeks ago, was able to leave Jones Memorial hospital Sunday and will be home for the holidays. Mr. Townsend and family moved to Nevada City about three months ago to reside with Mrs. Townsend's father, Charles Williams.

Mr. and Mrs. Louis Wright and two children of San Francisco will arrive in Nevada City today to spend the holidays with Mr. and Mrs. Howard Burr.

Mrs. Vera Sutherland of Goodyears Bar was a Nevada City visitor Wednesday.

Miss Claris Holland, who is attending University of California, Berkeley, will arrive today to spend the holidays with her parents.

Mrs. Blanche Williams, who represents Grand Pocahontas for the state of California, paid a visit to Lincoln lodge Tuesday evening.

COURT CALENDAR

Est. of Frank Morandi; final account and petition. Kelly.

Compiled by Sacramento Chamber of Commerce

SACRAMENTO, Dec. 17. — Four consulting engineers for the Central Valleys Water Project are meeting here this week to sutdy results of surveys at three locations on the Kennett division of the project preparatory to selection of a site for the key dam on the Sacramento river near Redding.

Walker R. Young, chief construction engineer, reported to the consulting board that during November one quarter mile of tunnels was driven, one half mile of holes drilled and 90 pits aggregating one quarter mile in depth dug on the Kennett district surveys.

Young also reported exploratory investigations of Friant dam site have been completed and plans and specifications for construction of the dam and appurtenant works are being finished. Surveys on the Friant division have located the Madera canal for a distance of 20 miles and the Friant-Kern canal for 30 miles.

On the Contra Costa division four additional miles of canal were located, bringing the total to 16 miles now located. Construction plans are being prepared for the first four-mile section from Rock Slough near Knightsen to a point near Oakley. Construction of this section will require removal of 700,000 cubic yards of dirt and will be an important step toward supplying fresh water to an area which produces, annually, crops valued at 30 million dollars and manufactured products valued at 112 million dollars.

I. F. "Cip" Toomey, athletic director at University of California Agricultural college at Davis, will leave this week for the east to complete arrangements for the National Collegiate Athletic Association boxing tournament to be held here in April. Representatives of nearly 100 colleges from all over the country are expected to compete.

The United States army plans a building program at the Sacramento air depot and Mather Field that will last four to five years and cost about $15,000,000 Arthur S. Dudley, secretary-manager of the Sacramento Chamber of Commerce reported on his return from Washington recently. About 225 Sacramento laundry workers received a 3 per cent wage increase last week. "To make Sacramento safer," Police Chief William Hallanan plans to extend the city police force by five new officers on January first. Crop experts here said California corn growers are receiving an average of $44.05 a ton for their products because the maritime strike has tied up thousands of tons of Argentine corn in the state's ports.

Segregation of criminals by types in four California prisons, including two new institutions, to relieve overcrowded conditions, has been projected as an administration legislative program by State Finance Director Arlin E. Stockburger. Legislation for the formation of a state aviation commission is being prepared following a meeting here last week between legislators and eastern aviation officials.

As the motor vehicle department moved into its new $600,000 building this week and the $750,000 public works building neared completion, Governor Frank F. Merriam announced plans for another state office building at 10th and N streets to carry out his policy of concentrating headquarters of all state departments in Sacramento.

Incidentally, Governor Merriam hopes the legislative session opening Jaunary 4th will be the shortest in history. The program he has outlined is "short and simple." His slogan is "no more appropriations, no more taxes."

Interest in the race for speakership of the state assembly hit a new peak over the week end. The competition apparently has narrowed down to Earl Desmond of Sacramento and William Moseley Jones of Los Angeles, both Democrats. Jones, a liberal and EPIC leader in the 1935 legislature, claim strong southern support, including that of Senator W. G. McAdoo. Desmond, considered a "regular," claims the northern Derocratic support with a few Republicans thrown in.

The new $185,000 library and classroom wing of the Sacramento Junior college have been completed and will be put into service when school reopens after Christmas. The addition makes the local plant the equal or superior of any four year state college in California. The library is described by the architect as "one of the most beautiful buildings of its type in the west" Northern California residents have been invited to inspect the plant.

Increased tax collections brought state cash receipts to more than $62,500,000 from July 11 to November 30, while expenditures were $44,000,000 in addition to $30,000,000 used in calling registered warrants, State Controller Ray L. Riley reported. Riley sold more than $2,000,000 of state registered warrants at record low interest rates last week. Most of the issue went at 3-4 of 1 per cent. The rest at 1 per cent. Expenditures for campaigns on the various propositions on the November general election ballot totaled $1,657,509, Secretary of State Frank C. Jordan announced.

Death rides with the driver of the car that "Shimmys" Loss of control, skids, fatigue, "Shot" nerves cause disastrous accidents. We correct shimmy perfectly.

NOTICE OF FIRST MEETING OF CREDITORS

IN THE MATTER OF RAYMOND FEAGANS, Bankrupt.

To the creditors of the above named bankrupt:

NOTICE IS HEREBY GIVEN that on the 11th day of December 1936 the said Raymond Feagans of Nevada City, California was duly adjudicated a bankrupt and that the first meeting of creditors will be held at the office of the undersigned, Referee in Bankruptcy, at Belcher Bldg., Marysville, California on the 30th day of December, 1936 at the hour of 10 o'clock A. M. at which time and place the said creditors may attend, prove their claims, examine said bankrupt, and all unsecured creditors whose claims have been duly proven and allowed may appoint a trustee, determine whether said trustee shall be authorized to sell the property of the bankrupt, and transact such other business as may properly come before said meeting.

Claims must be prepared in form required by the Bankruptcy Act and sworn to and filed within six months from the 11th day of December, 1936. Claim blanks can be obtained at any large stationery store.

Dated: Marysville, California this 14th day of December 1936.

RICHARD BELCHER,
Referee in Bankruptcy.

YELLOWJACKETS AND GRANT UNION CLASH TONIGHT

(By FRED GARRISON)

Tonight the Nevada City high school Yellowjackets will travel to Grant Union in North Sacramento to meet in their first league game of the Sierra football league A and B teams.

The local teams have showed great spirit and although this is their second game, while the Grant team have played several games, they hope to pile up the scores for the locals.

The B game will probably be the outstanding game as the teams are fast and work well together.

The probable starting line-up will be: A team: Hoff and Perez, Forwards; Joyal, center; Bonner, Clark or Jones, guards. B team: Kopp and Graham, forwards; Lotz, center; Gates and Doolittle, guards.

Chicken Tamales at Colley's Confectionery.

NEW AND HANDSOME STAMPS ARE ISSUING

Satmp collectors will be pleased to learn the two one cent green stamps of the Army and Navy hero series went on sale at Washington, D. C., Tuesday, December 15. The two cent red stamps of the same series were placed on sale the next day. There are to be five stamps in each series and they were scheduled to appear last August. They should appear in rapid succession now and will prove quite popular as a patriotic series.

Several new commemoratives are planned just after the first of the year among them being one for Alaska and another for Hawaii. A new air mail will be printed in the spring for mail leaving for China on the clipper ships.

President Roosevelt is also planning to honor the rest of the presidents who have died and are not on stamps, in a new series next year. There will be about twenty stamps in this new group.

PLASTERING NEW CITY HALL STARTS TODAY

Metal lathing is practically all on in the new Nevada City three story cement city hall and plastering well under way. Electric wiring has been completed, oil tank installed and steam pipe put in. Partitions and window and door casings are being put in and the furnace is to be installed.

Thomas McCraney, law student of University of California, has arrived to spend the Christmas holidays in Nevada City with his parents, Mr. and Mrs. O. McCraney.

CERTIFICATE OF LIMITED PARTNERSHIP DOING BUSINESS UNDER THE FICTITIOUS NAME OF TOM AND JERRY DEVELOPMENT COMPANY

KNOW ALL MEN BY THESE PRESENTS: That we, the undersigned, B. M. STITES, CARL BONELLI, and NELSON L. HARDING, do hereby certify that we are partners in a limited partnership transacting business under the firm name and style of TOM AND JERRY DEVELOPMENT COMPANY.

That the county in which is located the principal place of business of said limited partnership is the County of Nevada, State of California.

That the names in full of all of the members of said partnership, and their places of residence are as follows:

B. M. STITES, 627 C Street, Marysville, California.

CARL BONELLI, 708 Colusa Avenue, Yuba City, California.

NELSON L. HARDING, Wheatland, California.

IN WITNESS WHEREOF, we have hereunto set our hands this 11th day of December, 1936.

State of California, County of Yuba. ss.

On this 14th day of December in the year one thousand nine hundred and thirty six, before me Edith I. McNair a Notary Public in and for the County of Yuba, and residing therein, duly commissioned and sworn, personally appeared Carl Bonelli, B. M. Stites and Nelson L. Harding known to me to be the persons whose names are subscribed to and who executed the within instrument, and acknowledged that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal at my office in said County, the day and year in this Certificate first above written.

SEAL)

EDITH I. McNAIR,

Notary Public in and for said County of Yuba, State of California.

A Garden

(By Clayton Rand)

In Texas the other day your scribe heard a man make a speech that was a pippin.

He told about a man who went to work on an unlikely bit of ground, all washed into gullies and covered with briars.

This man cleaned off the plot and planted a garden. He built a house on it and a fence and painted them white. His preacher, along with others, came to marvel at it, saying, "Brother Bob, you and God certainly done a beautiful job here." And Brother Bob, swelling with justified pride, said, "Thanks, preacher, but you should have seen this spot when God had it alone."

S. P. TO SPEND $16,000,000 ON NEW EQUIPMENT

Bringing its total appropriations for new and modernized cars and locomotives in 1936 to more than $41,000,000, Southern Pacific has authorized new expenditures of over $16,500,000 for the construction and rebuilding of passenger, freight and motive power equipment.

The latest authorization for rolling stock, just announced by A. D. McDonald, president of the company, will add 28 new locomotives, 2,725 new freight cars and 41 modern, lightweight passenger cars to the service of the public ,at a cost of nearly $15,000,000.

Air-conditioning and modernization of passenger train equipment, which already has covered all of the company's principal trains, will be carried on at a cost of $1,200,000, according to the announcement.

Purchase of the new freight cars and heavy duty locomotives will provide shippers with benefits comparable to those to be enjoyed by travelers on Southern Pacific lines. Transportation of all kinds of freight including merchandise shipments, is provided for in the latest appropriation, as well as in previous equipment orders this year.

In addition to the $41,000,000 for rolling stock, Southern Pacific has appropriated $5,890,000 this year for rails and track accessories alone, and had made substantial investments in other improvements and betterments, it was pointed out.

Crab Cocktails at Colley's Confectionery.

P. G. & E. NEVADA COUNTY TAXES TOTAL $75,048

The Pacific Gas and Electric Company has mailed checks totalling nearly $5,000,000 to tax collectors of 43 counties and 131 cities and towns in northern and central California.

This is the company's first installment on its annual property taxes of $7,318,626.79 for the year 1936-1937.

For the second time, since enactment of the Riley-Stewart tax legislation changing the former gross revenues utilities assessment to a straight property tax, the Pacific Gas and Electric Company will pay more taxes than any other person or corporation in California. It also pays the greatest amount of taxes in 25 separate counties of the state.

In certain counties, company taxes contribute the larger amount of the tax rolls or more than all the combined contributions of the other taxpayers. For example the company taxes approximate 60 per cent of all taxes in Plumas county, 55 per cent in Amador county, and almost 50 per cent in Shasta county.

The company's total tax payment in Nevada county for 1936-37 amount to $75,046.81. This figure is made up of county taxes outside incorporated areas of $65,548.96 and inside incorporated areas of $6,883.92, a total of $72,432.88 county taxes. City taxes amount to $2,613.93, the assessments being distributed among the individual cities as follows: Grass Valley $1,423.05; Nevada City $1,190.88.

The property tax of $7,318,626 is only about half of what the Pacific Gas and Electric Company pays in annual taxes. Added to local taxes is a state corporate franchise tax of $445,742. Additional taxes include a federal tax on sales of electricity, income taxes, taxes for social security, and still other levies which will raise the total normal payments to an amount in excess of $14,000,000.

CARS STOLEN IN STATE AVERAGE 48 PER DAY

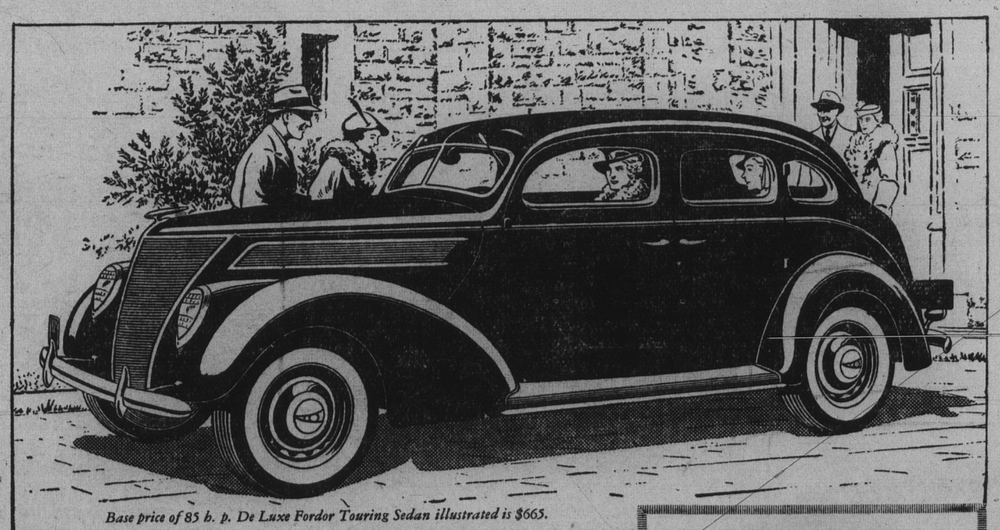
SACRAMENTO, Dec. 17.—Nearly every thirty minutes, a stolen automobile is recovered in California, though thieves take them at a slightly faster rate.

In his report of activities for October, Director Ray Ingels of the Motor Vehicle Department, advised Governor Merriam that 1,365 motor vehicles had been stolen, while 1,209 were recovered.

Since the establishment of the Auto Theft Bureau of the California Highway patrol, the lot of automobile thieves is becoming more difficult, Ingels said, accurate records are kept by the department and with increased facilities, police throughout the state are able to secure prompt information on suspected cars.

SWEEPING IMPROVEMENTS

in Economy... Brakes... Beauty... Comfort!



Base price of 85 h. p. De Luxe Fordor Touring Sedan illustrated is $665.

Decidedly more miles per gallon in many models . . . All models have same wheelbase and same body size.

Birthday Party for Marylin Lee

Mrs. W. P. Lee of Broad street, gave a most delightful little affair Tuesday in honor of her daughter, Marylin Lee's twelfth birthday. The group gathered at the Lee home and enjoyed dainty refreshments later going to the theatre to enjoy the movies. She received many nice gifts.

Those present were: Billie Keller, Jean Odegaarde, Margaret Odegaarde, Elsie Schreiber, Margaret Libbey, Betty Krough, Mary Shearer, Margaret Kirby, Barbara Kane, Pauline Marshall, Joan and Marylin Lee.

Laurel Parlor Christmas Party

Laurel Parlor, N. D. G. W., of Nevada City enjoyed a Chrstmas tree and social time Wednesday evening with 45 present to receive tiny gifts and take part in the delightful social time. Mary Davies was chairman of the decorating committee which worked hard to create the artistic Christmas scene. A short program consisted of a reading by President Ida Sweeney; Mrs. Frances Hawke, solo; Mrs. Lottie Eden, reading and harmonica solo by Mrs. Doolittle.

Ralph Gleason Weds Miss Grace Meyer

CAMPTONVILLE, Dec. 16.—R. Gleason, foreman of the local CCC camp surprised his boys and many friends here Monday morning when he married Miss Grace Meyer of Chicago Park.

The ceremony was solemnized at a morning parsonage service at Grass Valley by Rev. E. O. Chapel of the Congregational church. The bride was attended by her sister Mrs. Ida Cannon and Verne Gleason, brothe of the bridegroom attended him as best man.

The bride is the youngest daughter of Mr. and Mrs. Henry Meyer of Chicago Park, and is a talented and attractive young lady. The groom is the oldest son of Mrs. Lydia L. Gleason of Nevada City. The Gleason family formerly lived here where both Mr. and Mrs. Gleason taught in the local grammar school, and the groom spent several years of his youth in this community having been a resident here in 1908 during the last fire.

Following a honeymoon and vacatio of fifteen days the young couple will return here and reside in the government residence provided for him, where the groom will continue as capality of foreman of the local CCC camp.

The community joins in extending hearty congratulations to the young couple.

WILLOW VALLEY CLUB

The Willow Valley Tuesday Club enjoyed a Christmas tree and party at their regular meeting last Tuesday afternoon at the home of Mrs. O. E. Bettcher on the Willow Valley road. A dainty luncheon was enjoyed and several hours of fancy work made the afternoon pass all too quickly.

Farewell Party for Camptonville Leader

CAMPTONVILLE, Dec. 14.—The Womans Club of Camptonville tendered Mrs. Kate Hope Livingston a sprprise farewell party at her home on Main street last Tuesday evening. Mrs. Livingston, former high school teacher, had been an ardent member of the organization, and was former founder of the local Shakespeare Club. She had a prominent part in the other social affairs of the communitly and in appreciation of her services and activity the Womans Club gave her this little surprise. During the evening, Mrs. Grace Pauly, president of the club, presented Mrs. Livingston with a lovely traveling leather writing set with her name embossed upon it in gold letters. Mrs. Livingston was deeply touched and responded in a lovely and fitting manner. As a remembrance of the occasion Mrs. Livingston had each member present write their name on the blotter part of the set. Refreshments were served which were much enjoyed.

The following were present: Mesdames Grace Pauly, Constance Pfiffer. Irene Bishop, Lola B. Cleveland, Sarah J. Calvin, Erma Cassano, Louisa Price, Dorothy Lang, Anna Lang, Olive Groves, Lydia O. Groves, Grace Peterson, Carrie Rose and Kate Hope Livingston.

Evangeline Chapter Has Christmas Party

Evangeline Chapter, O. E. S. of Nevada City enjoyed a Christmas tree and party Tuesday evening. It was also the first meeting of the newly installed officers. There were gifts for all on the tree with special presents for Junior Past Matron Katie Eddy, and Miss Lois Shaw. Miss Shaw, who has been so gracious in assisting in many chapter activities, has endeared herself to them and they regret her leaving after the first of the year.

To Mrs. Helen Berger and Mrs. Alice Davies, matron and associate matron, goes the praise for the beautiful decorations on the tree and in the banquet hall. A miniature sled, reindeer and Santa Claus were the main features of the table appointments. Pine and tamarack burrs with unusual decorations and artificial snow mingled with lights and gifts on the tree. The Boy Scouts of Nevada City presented the chapter with the beautiful tree which was greatly appreciated.

Mrs. Elizabeth Leiter, deputy grand matron, gave a short talk and praised the new officers in their work.

Mr. and Mrs. Lawrence Meyers of San Bruno will arrive Saturday to spend the Christmas holidays with Mr. Meyers parents, Mr. and Mrs. Charles Meyers of Gold Flat.
